# What Makes Nutiva® HempShakes™ Unique:

**Organic Superfoods:** Hemp, blueberries, pomegranates, açai and goji berries, ramon nuts, maca and mesquite pods provide Omega-3 EFAs, protein, minerals, and antioxidants.

**Fiber Powerhouse:** Packed with insoluble fiber from hemp and soluble fiber from inulin for good digestion.

**Fair Trade Certified™ Chocolate & Sugar:** America's first Fair Trade Certified™ organic protein shakes that promote fair prices for farmers and community development. Look for the Fair Trade Certified™ label.

**Rain Forest Protection:** Açai berries and Brazil nuts from the Amazon rain forest and ramon nuts, staple

food of the Maya, from the Maya Biosphere Reserve. They provide extra income for indigenous peoples and promote environmental stewardship, helping to protect these majestic ecosystems.

**Non-GMO & No Petroleum Solvents:** Most non-organic soy shakes are processed with hexane, a harsh solvent similar to gasoline, and are sweetened with fructose or maltodextrin from genetically modified, pesticide-laden corn.

**No Scoops in HempShakes™!:** And what we save in plastic, we donate in nutritious HempShakes™ to support good health for families, such as those of the Lakota Nation.
